

Life at Appnomic

Appnomic Systems is a young, agile rapidly growing and highly innovative company in the field of IT infrastructure management. Being called as the Next Generation Infrastructure management services provider, Appnomic Systems is already a veteran of sorts in IT infrastructure management with the top management having over 100 man years of experience in the tier one companies in this space.

Appnomic Systems offers the freedom of a startup with the stability of a large, and growing company. Our most valuable resource are our people – intelligent, innovative, energetic, thinkers with best of breed world-class skills who care equally about doing great work and developing a culture that's great for all our employees. "Life at Appnomic is how life at office should be – passion to excel and deliver the best when it comes to work and highest levels of personal camaraderie otherwise."

- Muniraju R "At Appnomic there is a lot of flexibility and independence to work on one's ideas. People are encouraged to develop a habit called Team Work which I believe will take Appnomic a long way."

- Ketan Pandhi

"This is one of the rarest places where the team's IQ and PQ (Intellectual Quotient and Passion Quotient) are high and blend well. Thinking out of the box is a daily routine, and freedom to think and act is what I enjoy the most."

- Abhilash V Mana

"It gives me immense pleasure to say that I'm part of the elite bandwagon that is heading to change the face of IT IMS in the years to come, for sure. No doubt, it's a great Company to work for."

- Prabhakaran G
